FEATURES

The Seacruiser 6000 is aimed at the fisherman that wants to do a variety of fishing, from freshwater rivers and lakes, to the wide open grounds offshore and everything in between. It's the perfect one size fits all boat. Capable of fishing the shelf and then getting you home when the weather turns, the 6000 is built to handle the unpredictable Southern Ocean. Built with 6mm bottom and 4mm side plate thickness, the boat is 6.05m long and 2.25m wide and has high a freeboard of 690mm. Rated to 140hp, it is also available in a "Safari" upgraded version which will take a 175hp Suzuki on the back, has a larger fuel tank and comes with lockable side pockets. The internal layout can be customised to suit and is available in centre or side console
