## FEATURES

An extensive range of options, accessories and upgrades are available due to the custom built nature of these vessels. Please contact us to discuss further additions to your Seacruiser package.

The newest member of the Seacruiser fleet is the 7100HT. It's the big brother to the 6600, with the same aggressive deadrise that's made the 6600's ride so desirable. Customers have pleaded for a 7m plus alloy boat that rides like a big glass boat. Well here it is! If the flagship 7400HT Seacruiser is the placid long distance cruiser, then the 7100 is the over excitable younger brother that just wants to get up and dance. This hull loves being driven hard and launched off every swell you can find. Ideal for the game fisherman that wants to get to the fishing grounds fast.

## SPECIFICATIONS

|                     |           |
